Subject: Item Requested by Mr. Winter in Budget Committee Meeting

Hi Ted,

The attached document addresses Mr. Winters question related to the allocations for the therapeutic services board item. It outlines the amount to be reimbursed for each of the GNETS fiscal agents when a therapeutic provider is contracted to provide therapeutic services. His recommendation was for us to add this information as an attachment to the board item to ensure that the names of the fiscal agents, GNETS, and the reimbursable amounts are transparent.

Please let me know if I will need to do anything further to meet this request.
